- to compare and order capacity.
- to compare and sequence interval of time, read and write the time to five minutes.

In Science, we will be learning to:

- identify and name a variety of plants and animals.
- investigate micro-habitats.
- understand the process of a food chain.

In English we will be learning to:

- Develop comprehension skills to read a range of texts.
- Read with fluency and at speed.
- Learn how to write a story.

In RE, we'll be learning to:

- to understand the different religions and cultures.
- celebrate special occasions.

Year 2  
Summer Term 1 Plan

In Art, we will be learning to:

- explore the medium of natural sculpture.
- to use natural objects to create repeating patterns.
- use techniques such as rolling and cutting.

In Physical Education (PE), we'll be learning to:

- Explore different ways of travelling.
- Develop movement, control and spatial awareness with and without equipment.
- Develop teamwork by linking this to Olympic Values.

In ICT, we will be:

- creating an information text.
- changing font, size and colour.

Reminder to year 2 parents:

We will continue to send learning logs each week, we greatly appreciate your continued support with ensuring this work is completed. Children will still receive spellings each week.

In Geography, we'll be learning to:

- use atlases to identify the seven continents of the world.
- compare and contrast countries around the world.
