

In English, we'll be :

-delivering the Literacy and Language scheme
This will include reading, exploring and writing different types of poetry as well as an explanation text.

In Maths, we'll be:

-doing more work on fractions
-practising written calculations for multiplication and division
-solving word problems
-calculating perimeter
-understanding bar charts
-reviewing what have learnt during the year

In Science, we'll be finding out:

-about the differences and similarities between soils, rocks and fossils
We will continue to use scientific skills of measuring, classifying, observing, recording and analysing, as well as conducting fair investigations and research from different sources.

In Art and Technology, we'll be finding out:

-about crafting tools and techniques required to make dream catchers
-about steps and strategies to create a self portrait to mimic artwork of Frida Kahlo.
We will continue to develop our control over oil pastels, pencils, scissors and wool.

Year 3
Summer Term 1 Plan

In Geography, We'll be finding out:

-about North and South America
-about the difference between continents, countries and cities.
-how to compare climates and places to where we live.
-what and where the equator is.

In Physical Education (PE), we'll be finding out:

-how to improve our ball handling skills including tennis and rounders
-how to improve our athletics skills

In PSHE, we'll be finding out:

-about Growth Mindset and how to learn from mistakes when we find tasks difficult.

In RE we'll be finding out about:

-how Sikhs worship and live their lives according to their faith

In Music, we'll be:

Developing our understanding of musical notation.
We will learn how to then apply this to play a selection of tunes on our recorders.

In Computing, we'll be finding out:

-how to create algorithms and use these skills to make repeating shapes.
- how to use Scratch, an online algorithm programme.
