

ART IN THE PARK!

Back in February ten Eco-Warriors from River Bank took part in tree planting in Wardown Park as part of our “Futureproofing Luton” project. We are planting trees and sowing meadows to improve air quality, for people to enjoy, and to support wildlife. The meadows have now been sown and should be flowering by early July.

It’s a shame you couldn’t help us sow the meadows, but we are launching ‘ART IN THE PARK’ - a creative competition.

All you need to do is walk to Wardown park on your daily exercise with your sketchbook (or take a picture and use that for inspiration), then produce a drawing or painting of the TREES, FLOWERS, BIRDS or INSECTS. You can be creative and imaginative. If you like include yourself or family members in the picture! Then either 1) scan/photograph your picture and send it to your year group email eg. year2@riverbankprimary.org ...or 2) Post your picture in the box provided in reception at River Bank.

We will hold an outdoor exhibition in the park later in the summer and **two prize-winners will be announced on 31st July.**

We look forward to seeing your artwork! GOOD LUCK!
