Parts of our body

Back

Hand

Shoulder

Toe

Foot

Legs

Face

Knee

Human senses

Our eyes help us see.
 Our ears help us hear.
 Our nose helps us smell.
 Our mouth helps us taste.
 Our skin helps us feel.

Parts of our skeleton

Skull – Protects our head

Ribs – Protect our heart

Spine – Helps us to stand up

Human skeleton

Our skeleton is inside our bodies.
 It helps us to move.
 It is made from bone.
 We need to look after it because it can break easily.
