

What we will learn

E-safety

Book creator is an app that you can download. It is designed to get children excited about writing your own books.

You are able to add text, pictures, photographs and even audio, so that you can be reading your own book out loud.

We teach our children to be SMART online

Keeping Safe Online

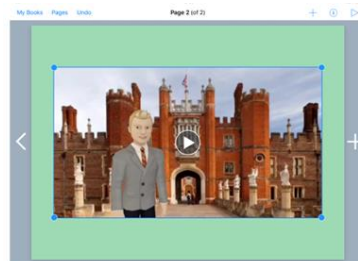

- ✓ **Talk kindly online** so you stay friends.
- ✓ **Only message friends** so strangers don't contact you.
- ✓ **Visit sites for children** so you keep safe and have fun.
- ✓ **Tap links carefully** so you don't buy things by mistake.
- ✓ **Take breaks regularly** so your eyes get rest and your body gets exercise.

The Basics of Book Creator

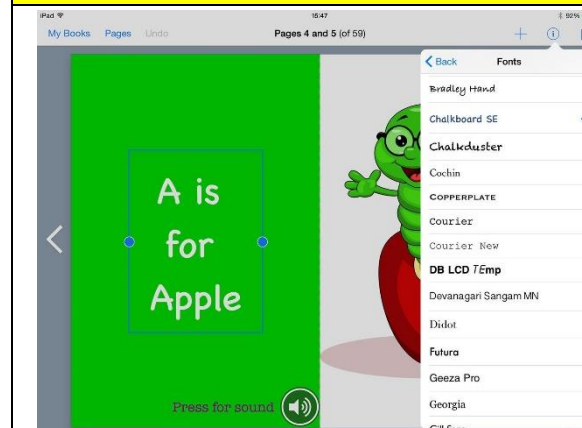

You can change the size of the **font**, it's **style** and **colour** to make your work more appealing.

You can even add a video to make this book really interactive.

<https://read.bookcreator.com/> Use this website to view other children's books in different schools.

Another handy command

Think carefully about the choice of font. It may look great, but can you read it?
