

Year 1 History – Space

Vocabulary			Knowledge
past	time that has already happened		What is the past? The past refers to things that have already happened. We can show which order things have happened using a timeline. Things that happened longer ago are at the start of the timeline and things that happened recently are at the end. Has any animal from Earth ever been to space? The first creatures in space were fruit-flies. A monkey called Albert II went to space. A dog called Laika went into space. Have any people ever been into space? A source of evidence shows people that something has happened. Photos and videos are sources of evidence. We have videos and photos of people in space which tells us that it did happen. Yuri Gagarin, a Russian, was the first person in space and this happened long ago. Has anyone ever been to the moon? Three astronauts went to the moon a long time ago. The astronauts went to the moon on a rocket called Saturn V. The first person on the moon was called Neil Armstrong. It took 4 days to get from Earth to the moon. The astronauts were all from America and that they put an American flag on the moon. Who was Neil Armstrong? Neil Armstrong is famous for being the first man on the moon. He stepped on the moon a long time ago. He was American and was 15 years old when he first became an aeroplane pilot. He started to train to be an Astronaut when he was 32. He stepped on the moon when he was 39. What did the astronauts do on the moon? Once on the moon the astronauts: collected rock and moon dust, put the American flag on the moon, walked on the moon and took lots of photos. The astronauts left items on the moon, including: an American flag, an olive branch, bags of poo from the space shuttle, a pair of boots and a disc with lots of leader's names on.
moon	a natural mass in space		
orbit	the path an object takes round a planet		
sphere	a round solid figure		
satellite	a machine placed in space to collect information		
crew	people who work together to get something done		
Sputnik 2	the second spacecraft launched into space		
Apollo 11	a space vehicle that went to the moon and back in July 1969		
Eagle Lunar module	a spacecraft used to land on the moon		
NASA	it is the National Aeronautics and Space Administration		
commanded	give an order		
nations	A large community of people united by shared characteristics		
World War 2	it was a global war that lasted 6 years		
historian	a person who studies history		
primates	any mammal that has flexible hands, feet and a developed brain		

Quizzing		Quiz at home																																																																																										
Ask your partner the questions below. Can they find the correct answer on the right-hand side?		Ask your adult to look at the KO.																																																																																										
Who was the first person in space?	Four days	Quiz them using the vocabulary and knowledge section or the quiz questions. • Can they beat your score? • Can they score more than 5? 10? 																																																																																										
Who was the first person on the moon?	Rocks and moon dust																																																																																											
What rocket took astronauts to the moon?	Yuri Gagarin																																																																																											
How long did it take to reach the moon?	Neil Armstrong																																																																																											
What did astronauts collect on the moon?	Saturn V																																																																																											
BIG Questions	Beat the Adult																																																																																											
1. Why is Neil Armstrong famous? 2. How do we know that people have been into space? 3. What did the astronauts do when they landed on the moon? 4. How can a timeline help us understand the past?	Your teacher can give 10 facts in 3 minutes about this topic. How many can you give to your partner? 																																																																																											
Creative Activity	Word search – Can you find all the words?																																																																																											
Can you create; 1. Design a Space Mission Badge 2. Build a Moon Landing Scene 3. Write a diary entry as Neil Armstrong describing your first day on the Moon. 4. Create a Timeline	 SPACE WORDSEARCH Find the words in the grid. They can go across, down or diagonally. <table><tr><td>P</td><td>A</td><td>S</td><td>T</td><td>Z</td><td>Q</td><td>R</td><td>M</td><td>O</td><td>N</td></tr><tr><td>R</td><td>X</td><td>C</td><td>V</td><td>B</td><td>O</td><td>R</td><td>I</td><td>T</td><td>E</td></tr><tr><td>S</td><td>A</td><td>T</td><td>E</td><td>L</td><td>I</td><td>I</td><td>T</td><td>E</td><td>G</td></tr><tr><td>P</td><td>H</td><td>J</td><td>K</td><td>L</td><td>Z</td><td>X</td><td>C</td><td>B</td><td>M</td></tr><tr><td>H</td><td>S</td><td>P</td><td>H</td><td>E</td><td>R</td><td>E</td><td>Y</td><td>I</td><td>N</td></tr><tr><td>Q</td><td>W</td><td>E</td><td>R</td><td>T</td><td>Y</td><td>U</td><td>I</td><td>P</td><td>L</td></tr><tr><td>C</td><td>R</td><td>E</td><td>W</td><td>A</td><td>S</td><td>D</td><td>G</td><td>H</td><td>J</td></tr><tr><td>S</td><td>P</td><td>U</td><td>T</td><td>N</td><td>I</td><td>K</td><td>2</td><td>L</td><td>Z</td></tr><tr><td>A</td><td>B</td><td>C</td><td>D</td><td>E</td><td>F</td><td>G</td><td>H</td><td>J</td><td>K</td></tr></table>  • past • moon • orbit • sphere • satellite • crew • Sputnik 2 • Apollo 11 		P	A	S	T	Z	Q	R	M	O	N	R	X	C	V	B	O	R	I	T	E	S	A	T	E	L	I	I	T	E	G	P	H	J	K	L	Z	X	C	B	M	H	S	P	H	E	R	E	Y	I	N	Q	W	E	R	T	Y	U	I	P	L	C	R	E	W	A	S	D	G	H	J	S	P	U	T	N	I	K	2	L	Z	A	B	C	D	E	F	G	H	J	K

Write the definition for each of the following words

Vocabulary

	time that has already happened	
	a natural mass in space	
	the path an object takes round a planet	
	a round solid figure	
	a machine placed in space to collect information	
	people who work together to get something done	
	the second spacecraft launched into space	
	a space vehicle that went to the moon and back in July 1969	
	a spacecraft used to land on the moon	
	it is the National Aeronautics and Space Administration	
	give an order	
	A large community of people united by shared characteristics	
	it was a global war that lasted 6 years	
	a person who studies history	
	any mammal that has flexible hands, feet and a developed brain	

Write the vocabulary word for each definition

Vocabulary

past		
moon		
orbit		
sphere		
satellite		
crew		
Sputnik 2		
Apollo 11		
Eagle Lunar module		
NASA		
commanded		
nations		
World War 2		
historian		
primates		

Enquiry

What is the same? What is different?

Transportation

Circle the types of transport the astronauts used.

Historical Enquiry

1. What did you learn from the astronauts?
2. What makes these astronauts brave?
3. What did you learn about their journeys?

Spelling

Complete the spellings, then test your partner
