

Year 1. Autumn 1. Geography – Our Locality. Our Country.

Vocabulary			Knowledge	
geography	The study of places and their relationship with people.			Luton is a town. It is where we live. It is in England, which is in the United Kingdom.
country	An area of land, where a person is born, or lives.			Luton is known for the airport, vehicle manufacturers and football team. Many people who live here have moved from other countries.
continent	An area of land, often where many different countries are located.			The United Kingdom is a country made up from 4 other countries: England, Northern Ireland, Scotland and Wales.
physical features	Objects not made by humans, including cliffs, trees, seas and hills.			The United Kingdom is in the continent of Europe.
human features	Objects made by humans like schools, cinemas, restaurants, churches and mosques.			A town is where people live and work that is bigger than a village but smaller than a city. Towns have a town centre with shops, a railway station, and leisure facilities like a swimming pool.
England	The country in which we live, which Luton is part of.			A city is the largest type of settlement with many people and buildings, often with hospitals, universities, and large shopping centres. In the United Kingdom, most cities have a cathedral. Our closest city is St Albans.
United Kingdom	A country, made up of 4 other countries: England, Northern Ireland, Scotland and Wales.			A capital city is usually the largest city and contains the government. London is the capital city of England and the United Kingdom; Cardiff is the capital city of Wales; Edinburgh is the capital of Scotland; Belfast is the capital city of Northern Ireland.
map	A map is a drawing of part of the Earth's surface. It shows where things are. Maps may show things, such as rivers and lakes, forests, buildings, and roads.			A globe is a ball-like shape which shows the Earth with the land and water in the correct positions on it. It represents the whole of the planet and is a three-dimensional map.
Europe	A continent which contains the countries of the UK, France, Spain, Belgium and others.			
ocean	Large bodies of water on our planet Earth.			
sea	The edge of the oceans near the land.
