Year 2 Art: Painting and printing

Knowledge

- Know that Andy Burgess and Megan Coyle are **collage** artists that create **cityscapes** using real and invented buildings as the subject.
- Know that Andy Burgess constructs a **cityscape** by using vintage papers and paint to create her scenes.
- Know that Megan Coyle constructs a **cityscape** by cutting magazines to create her scenes
- Know that materials can have a variety of different properties, including:
 - o Colour
 - o **Texture**
 - o Thickness
 - o Size
- Know that a materials' properties make it suitable for a particular purpose (e.g. red – fire; thick card – thicker images (wood))
- Know a **tint** is a mixture of a colour made lighter by adding white to paint.
- Know a **shade** is a mixture of a colour made darker by adding black to a paint.
- To know that a **collage** is created when various materials are pasted onto a surface and overlap.
- Know that collage pieces can be created by:
 - o Big shapes (rip)
 - o Small shapes (rip)
 - o Long thin shapes (rip)
 - o Lines (cut)
- Know that cutting for accuracy uses slow cuts at the base of the scissors (rotating the paper)
- Know that cutting for straight edges is long straight cuts (slowly)
- Know a **silhouette** is an outline or sharp shadow of an object represented by a solid-coloured shape.
- To know that a **silhouette** can be in both the foreground and the background

Ask your partner the questions below. Can they find the correct answer on the right-hand side?

An image of many fields is an example of a cityscape? True or False?

Scissors

A tint is created when you add _____ to a colour

False

A shade is created when you add _____ to a colour

How rough and smooth something is?

What do we use if we want to cut precise straight lines?

White

What is texture?

True

Black

Cutting

Big Questions

Beat Your Adult

1. What are the different ways that you can create texture in collage?
2. How is cutting different when you cut straight and curved lines?
3. How many of the foods eaten by The Hungry Caterpillar can you remember?

1. Cut out a circle (the same size). See who can cut it out with the smoothest edge.
2. Cut out a square (the same size). See who can cut it out with the smoothest edge.

Creative Task

1. Cut out a circles of different sizes (draw round some circular objects) – colour them in different colours and create your own collage.
2. Find a magazine, newspaper or print images from the internet. Cut them out and create your own scene with them
3. Find and use different materials to create your own piece of artwork.
