

Vocabulary			Knowledge		
urban	A word related to a town or a city.			Many people usually live in cities because there are lots of jobs, there are entertainments (cinemas and sports), people want to be near family who might live in the city, to be near good transport links (train stations and motorways).	
settlement	A place where people once did not live, but now do.			Every country has a 'capital city' which is usually their biggest city by population. In the UK, these are: London in England, Edinburgh in Scotland, Cardiff in Wales and Belfast in Northern Ireland.	
capital city	The city in the country where the government rules from.				
city	A city is a large urban settlement, usually with a large population.				
town	A built-up area with a name, defined boundaries, and local government. It is larger than a village and generally smaller than a city.		In Luton there are many job opportunities including at the airport, shopping centres, hospitals, football stadium and cinema.		In the United Kingdom there are many cities which include Bristol, Manchester and Liverpool.
Luton	The town in which most of us live and the school is located. It is a large town in the East of England.		The United Kingdom is divided into 12 regions and many of these use the compass points in their name.		
population	The number of people who live or are in a place				
transport	How people and things travel around and in and out of a country, eg, bike, bus, car, train, lorry.				
compass	A device that shows direction including, north, south, east and west				
region	An area of a country with its own characteristics.			To find a 4-figure grid reference on a map, start at the bottom left corner of the square you want to find and look at the number on the horizontal (easting) grid line first, and then the vertical (northing) grid line. Remember the phrase ' along the corridor and up the stairs ' to keep the order correct: the first two digits are the 'along' number (easting) and the next two are the up (northing) number.	
4-figure-referencing	A way of showing where something is on a map. This contains a horizontal and vertical value.				
horizontal	A positional direction from left to right along the horizon.				
vertical	A positional direction that is either up to down, or down to up.				

Quizzing		Quiz at home																							
Ask your partner the questions below. Can they find the correct answer on the right-hand side?		Ask your adult to look at the KO.																							
What do the cities of London, Belfast, Edinburgh and Cardiff have in common?	twelve	Quiz them using the vocabulary and knowledge section or the quiz questions. • Can they beat your score? • Can they score more than 5? 10? • Compete with your adult in the elimination quiz. Take it in turn to ask each other questions. The first person to get a question wrong is out. 																							
What do Manchester, Birmingham, Bristol and Liverpool have in common?	directions																								
How many regions are there in the United Kingdom?	Luton

Enquiry Map Work

This is a map of an area on the outskirts of Birmingham.

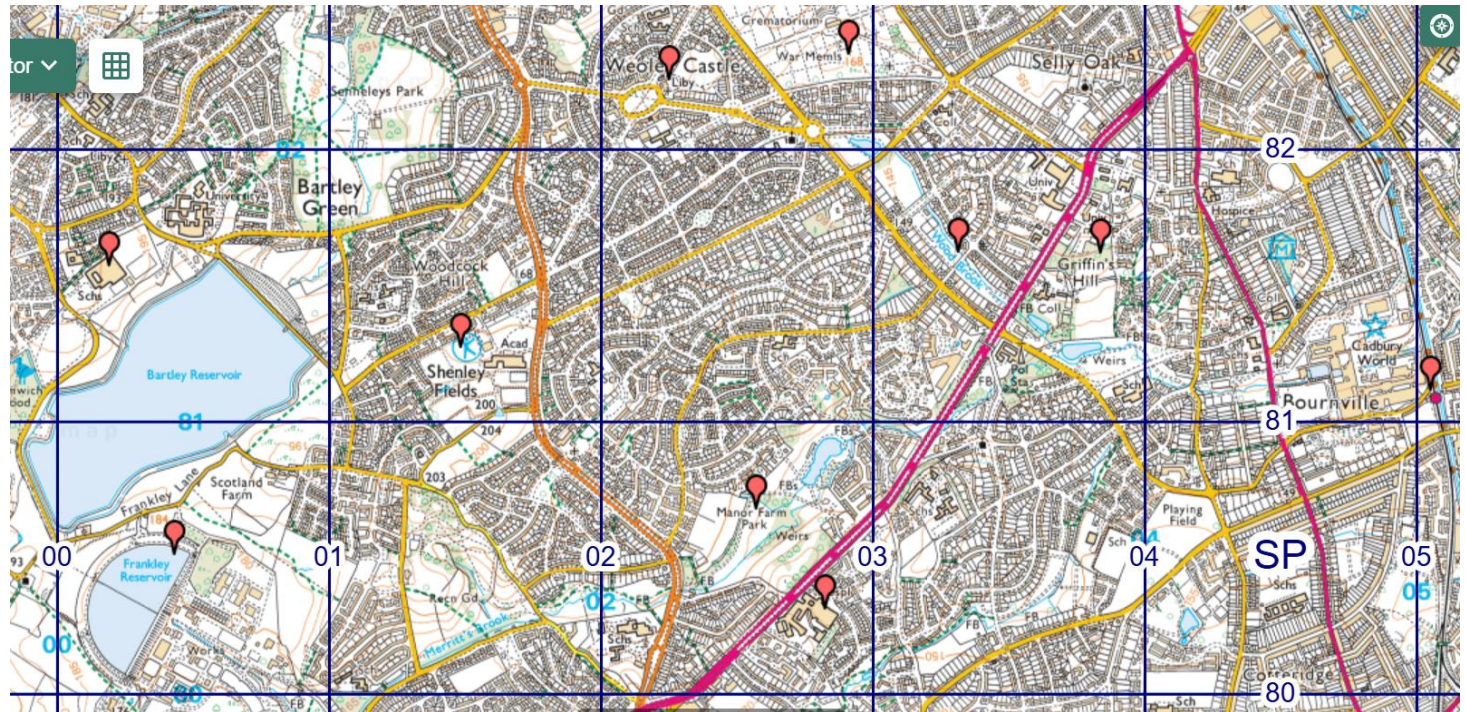

On this map there are squares with blue numbers on them.

Write down the 4-figure grid reference for

- i. Shenley Fields
- ii. The school on the north-west shore of Bartley Reservoir
- iii. Manor Farm Park
- iv. Griffin's Hill
- v. The war memorials
- vi. Bournville railway station
- vii. The library at Weoley Castle
- viii. Wood Brook (where name is written)
- ix. The hospital to the south of this map
- x. Frankley Reservoir

These are all shown with a red marker.

Label three human or physical features within the grid reference 0180.

Fill in the gaps using the given words

Here is a map of that includes some of England and some of Wales.

Use this road map (red lines) to track a route from Birmingham to Liverpool through many cities and large towns.

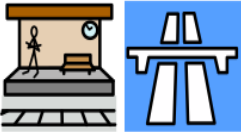

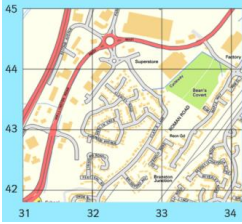

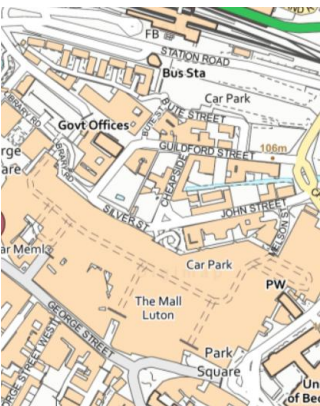

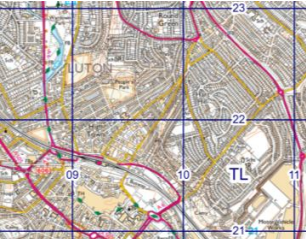

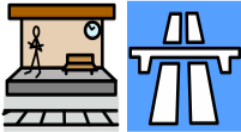

Your journey must go via Derby, Nottingham, Sheffield and Manchester.

On your return journey, you need to travel via Chester, Wrexham and Shrewsbury.

Use an atlas to label the roads that your journey took you on.

How long was each part of your journey?

Would you be able to travel these routes by train (dark grey lines) or water (blue lines)?
