

February 2023

Dear parent / carer

### Year 2 – KS1 SATs practice books

In preparation for the Key Stage 1 SATS in May 2023, we are offering parents the opportunity to buy revision books, as we feel that these will help support your child/children through their preparations.

Within the bundle, you will receive revision reference books for both English and maths, including a comprehension study and comprehension book, an arithmetic book and a maths reasoning book.

Although these books are available from high street shops we would like to offer you the opportunity to buy them through the school at a lower price, costing £6.50 per child. If your child is entitled to pupil premium the school will provide these books to you free of charge.

In order to buy the correct number of books, please prepay via [www.scopay.com](http://www.scopay.com) We will then order the books on your behalf We will automatically order for those children who are pupil premium. If you would like to purchase these books, please pay by **Friday 17<sup>th</sup> February**.

Yours sincerely

Miss Ahmed,

Year 2 Lead
