

Applying for a high school place 2024

Moving on to high school is an important time for your child please take the time to read through the information provided below.

Here's what you should consider before completing your application:

- 1** You **MUST** apply before the closing date on or before **31 October 2023**
- 2** It is vital that you read the 'How to apply for a school place 2024' guide. This guide provides detailed information on the school admissions process and how school places are allocated. You can view it online at luton.gov.uk/admissions
- 3** It is important to state three different schools. Consider realistic 'back-up' preferences. Look up your catchment area school and remember, if you want your catchment area school to be considered, you must include it as one of your preferences. **Always consider putting the catchment area school as a back-up preference.**

Information slides are available to assist you with applying for your child's high school place at luton.gov.uk/A2E

If you still have questions or would like to receive additional assistance with completing your child's application, contact the Access to Education Team to make an appointment via email: accesstoeducation@luton.gov.uk or call **01582 548016**

We wish your child every success with your child's transition to high school.
