

17th January 2024

Dear Parents and carers,

DT Tasting Session

As part of our Design Technology lesson, the children will be making a vegetable salad by the end of the term.

Next week the children will be taking part in a tasting session in which they will be trying a range of ingredients from different food groups and will later decide which of these foods they will use in their own salad.

One of the ingredients the children will be asked to taste is cooked meat. The meat will be halal certified and will be purchased from Asda.

If you would like to opt your child out, please inform the class teacher by the **morning of Monday 22nd January**. If you have any questions, please see your class teacher.

Yours sincerely

Miss F Ahmed
